Name of company covered by this certificate: Onvoy, Inc.

Form 499 Filer ID: 820189

Name of signatory: Scott Beer

Title of signatory: General Counsel and Secretary

I, Scott Beer, certify that I am an Officer of the Company name above and acting as an agent of the Company, that I have personal knowledge that the Company has established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules. *See 47 C.F.R. § 64.2001 et seq.*

Attached to this certification is an accompanying statement explaining how the Company's operating procedures ensure that the Company is in compliance with the requirements set forth in section 64.2001 *et seq.* of the Commission's rule.

ONVOY, INC

STATEMENT EXPLAINING HOW THE COMPANY'S OPERATING PROCEDURES ENSURE COMPLIANCE WITH THE FCC'S CPNI RULES

The Company has designated a CPNI Compliance Officer who is responsible for: (1) communicating with the Company's attorneys and/or consultants regarding CPNI responsibilities, requirements and restrictions; (2) supervising the training of Company employees and agents who use or have access to CPNI; (3) supervising the use, disclosure, distribution or access to the Company's CPNI by independent contractors and joint venture partners; (4) maintaining records regarding the use of CPNI in marketing campaigns; and (5) receiving, reviewing and resolving questions or issues regarding use, disclosure, distribution or provision of access to CPNI.

Company employees and agents that may deal with CPNI have been informed that there are substantial federal restrictions upon CPNI use, distribution and access. In order to be authorized to use or access the Company's CPNI, employees and agents must receive training. Violation by Company employees or agents of such CPNI requirements will lead to disciplinary action.

The Company discloses or releases call detail information to customers during customer-initiated telephone contacts only when the customer provides a pre-established password. If the customer does not provide a password, call detail information is released only by sending it to the customer's address of record or by the carrier calling the customer at the telephone number of record. The Company provides customers with access to CPNI at its retail locations if the customer presents a valid photo ID and the valid photo ID matches the name on the account.

The Company permits customers to establish online accounts, but requires that an appropriate password be furnished by the customer before he or she can access any CPNI in his or her online account. Passwords may not be based upon readily obtainable biographical information or account information.

The Company has adopted a policy that it does not and will not use, disclose or permit access to CPNI in connection with Company-initiated marketing of services to which a customer does not already subscribe from the Company.
